8/8 Plus	Pro (9.7in)		
X/Xs/Xs Max	Mini 2		
Xr	Mini 3		
11/11 Pro/11 Pro Max	Mini 4		

- The MobilisID Mobile Credential solution supports iOS 11.0 or higher for Apple devices.
- Apple devices running versions earlier than 9.0, the app is unable to install and run on the device.

Android 8.0 & Higher Supporting BLE Peripheral Mode

Nexus	Samsung Galaxy	HTC	Google Pixel	Razer Phone
5X	A5	HTC One M9	Pixel	Phone
6/6 Plus	A7		Pixel XL	
9	A50		Pixel 2	
	S7/S7 Edge		Pixel 2 XL	
	S8		Pixel 3	
	S9/S9 Plus			
	S10			
	S20			
	S8			
	Note 8			
	Note 9			
	Note 10			

- For Android devices not listed, they may function correctly if running Android 8.0 or higher with hardware support for BLE peripheral mode.
- For Android devices running any version prior to 8.0, the app is unable to install and run on the device.
- It is important to note that due to the wide range of hardware implementations for Android devices, it is impossible to provide an exhaustive list.
