

Primis Access Control Readers

Premier Program Ordering Instructions

What Are Primis Readers?

Entry-level Primis Access Control Readers are secure, flexible, and simple to install. Primis brings the latest technology to traditional access control systems by supporting both smart card and proximity-based access control credentials.

How Are They Ordered?

Primis is available in three (3) different finishes (black gloss, black matte, or white matte) with your own branding, logos, and color overlays on faceplates as a custom label.

► 1 Identify which version of Primis Readers are right for you:

- 7010ABP-BG Black Gloss
- 7010ABP-BM Black Matte
- 7010ABP-WM White Matte

► 2 Incorporate your own brand:

Request a custom label such as PRIMIS-CUSTOM-LABEL-XXX

- Minimum quantity of 100 pieces per order
- Setup fee of \$50.00: 99-103-ACC-ARTWORKSETUP
- Lead-time of approximately six (6) weeks

Artwork must meet these requirements:

- Vector art files (Adobe Illustrator AI or PDF). No JPEG or PNG
- Image: minimum 300 dpi; CMYK (no RGB)
 - All images/linked files must be provided if not embedded in art file.
- Colors: Specify Pantone, CMYK, etc. codes
 - Make a note if White layer is required when printing
 - List Technical (non-printed) colors as such (i.e. Material, Dieline, etc.)
- Text/Font: Outline or provide live fonts along with art file
 - Black text is 100% K (no CMYK Black or Registration Black)
