Benefits in Detail

Discount Off MSRP – Probably your favorite benefit. Who doesn't love a discount and more money in their pocket? We like to reward our ICAN Partners for supporting our products in the field. The more you sell, the bigger discount you get.

Technical Support – Certified ICAN Partners have our technical support resources at their fingertips. Check out our comprehensive FAQs and/or submit a support request. As a Diamond Partner, you will receive a Support Rep with a limited number of priority cases.

Inside Sales Support – You will receive a dedicated Inside Sales Rep (in addition to your assigned Hirsch Regional Sales Manager) who can assist you with quotes and order processing.

Pre-Sales Engineering Support – Need some assistance with the technical side of our products to get that sale won? You will have a dedicated Hirsch SE to use for your pre-sale needs.

Project Registration – We reward ICAN Partners who actively identify, develop, and win new business. Approved registered projects will receive up to 5% discount in addition to other partner discounts. Partners must submit each project for review via the project registration form in the Partner Portal.

A&E/Consultant Support – Hirsch's ACES Program (for Architects, Consultants, and Engineers in Security) provides information, contacts, and resources dedicated to that same specifier community. For ICAN Partners that would like to participate, you'll work directly with a dedicated A&E Business Development Manager to support your work on RFP & RFI responses.

Discounted Demo Equipment – Receive significant discounts off the MSRP for Hirsch demo equipment. Demo equipment provides an impact on the generation and closing of sales opportunities and can also be used for marketing, demonstration labs, and testing facilities worldwide.

Sales Staff Training – Upon onboarding, the Hirsch Team will set up a meeting to discuss your needs and get you up-to-speed on Hirsch products and how to sell them. We also offer online training courses to help you strengthen your skills.

Online Technical Training – After your first year as an ICAN Partner, based on your tier, you'll receive 2 - 4 free online training courses per year through the Hirsch Academy.

Online Partner Portal Access – Get access to sales tools and technical resources to help you promote the Hirsch line of products.

Webinar Access – Get exclusive access to our quarterly product updates webinars, along with other product and industry-related webinars. Have a topic you want to cover? Let us know and we can make it happen.

Authorized Dealer Certificate – ICAN Partners will earn an Authorized Dealer Certificate that attests that the partner has been granted exclusive rights to sell Hirsch products and solutions.

Sales Leads Provided – For Gold Partners and up, enjoy a closed loop lead pass process via the Partner Portal. The higher your tier, the warmer the leads. Is it getting hot in here?

Partner Advisory Council – Platinum Partners will be added by invitation to participate in executive roundtable meetings and help steer product and industry direction.

Marketing Concierge Services – As a Platinum and Diamond Partner, enjoy a dedicated Hirsch Partner Marketing Manager. You'll have a direct line of communication for all your custom marketing needs.
